

# newgold™ Rainy River Project

June 5, 2015

**To:** The Township of Chapple  
**From:** Mitch LePage, Construction Manager- Rainy River Project  
**Re:** Blasting Schedule

As you have been previously advised, blasting has commenced at the Rainy River Project. The primary blasting locations are as follows:

1. Plant site
2. Tait quarry
3. Outcrop 3
4. Water Management Pond

The attached map indicates these locations.

As per our discussions, blasting activity shall only occur between the hours of 8:00 a.m. and 5:00 p.m. on weekdays that are not statutory or civic holidays and only at times when atmospheric conditions provide clear observation for a distance of at least 1,000 metres from the blasting site. **Until further notice all blasting will occur at 4:00 pm CST.** Should New Gold find that it needs to blast outside of the days or time described (such as a weekend) New Gold will inform the Township of Chapple in writing at least 48 hours of its intention to do so.

If you have any questions or comments, please contact Stacey Jack, Manager – Community Relations at (807)482-0912.
